Garden Accessories

RACO COMPATIBILITY

- All RACO accessories are compatible with 13mm & 19mm garden hoses, all taps and **other click fit systems**
- High water volume
- Excellent durability
- Ideal for industrial irrigation and garden use

RACO BRASS QUICK-CONNECTOR COUPLING SYSTEM

HOSE CONNECTOR QUICK-FIT - BRASS

- A range of heavy duty, universal couplers and accessories made from solid brass
- Each piece is finished and polished to exacting standards and is quality checked for excellence and lasting durability
- No threading, twisting or turning. Simply pull band back to open, release to close
- Instant coupling of hoses and attachments

Code	Size
RIC8165	13mm
RIC8166	19mm

HOSE MENDER - BRASS

- A range of heavy duty, universal couplers and accessories made from solid brass
- Each piece is finished and polished to exacting standards and is quality checked for excellence and lasting durability
- No threading, twisting or turning. Simply pull band back to open, release to close
- For repairing damaged hose section, or permanently connecting two lengths of hose

Code	Size
RIC8244	13mm
RIC8245	19mm

HOSE MENDER

- Galvanised barrel type ferrule
- With knock down clinchers

Code	Size
MAZ0750	13mm
MAZ0755	19mm

HOSE CONNECTOR/ COUPLER - BRASS

- Each piece is finished and polished to exacting standards and is quality checked for excellence and lasting durability
- Instant coupling of hoses and attachments

Code	Size
RIC8163	Fits All

FERRULE HOSE MENDER

- Galvanised barrel ferrules
- Suitable for 13mm and 19mm hose

Code	Size
MAZ0770	13mm
MAZ0775	19mm

HOSE MENDER KIT

- 13mm Galvanised barrel type ferrule
- 2 x Worm drive hose clamps

Code	Size
MAZ0700	13mm
MAZ0720	19mm

TAP ADAPTOR FEMALE - BRASS

- Each piece is finished and polished to exacting standards and is quality checked for excellence and lasting durability
- Instant coupling of hoses to taps

Code	Size
RIC9105	13mm
RIC9106	19mm

TAP ADAPTOR FEMALE - BRASSED

- Zinc die cast/brassed finish
- Screw on type
- Includes washer
- For rubber and plastic hose

Code	Size
MAZ1400	13 x 13mm
MAZ1410	16 x 13mm
MAZ1420	19 x 13mm
MAZ1430	19 x 19mm

TAP ADAPTOR MALE - BRASS

- Each piece is finished and polished to exacting standards and is quality checked for excellence and lasting durability

Code	Size
RIC9125	19mm

TAP ADAPTOR MALE - BRASSED

- Zinc die cast/brassed finish
- Fits most conventional sprayers and hose nozzles

Code	Size
MAZ1200	13mm
MAZ1220	19mm

SNAP-IN DUAL SHUT OFF BRASS - FIXED

- Conveniently splits a single water source
- Independent shut off valves

Code	Size
RIC8796	13x19mm

SNAP-IN DUAL SHUT OFF BRASS - SWIVEL

- Conveniently splits a single water source
- Independent shut off valves
- Swivel body

Code	Size
RIC8798	19x25mm

ADJUSTABLE NOZZLE - BRASS

- Nozzle is fully adjustable from fine mist to solid jet stream with positive shut-off
- Solid brass construction
- Knurled grip

Code	Size
RIC8385	-

ADJUSTABLE NOZZLE BRASS - 4 PIECE SET

- Nozzle is fully adjustable from fine mist to solid jet stream with positive shut-off
- 4 piece set includes:
 - 13mm quick connector with automatic water stop
 - 13mm quick connector - standard
 - 19mm female tap adaptor
 - Adjustable nozzle

Code	Size
RIC8387	4 pce

- All RACO accessories are compatible with 13mm & 19mm garden hoses, all taps and *other click fit systems*

RACO ORIGINAL QUICK-CONNECTOR COUPLING SYSTEM

- A range of lightweight, durable, universal hose fittings which are compatible with 13mm and 19mm garden hoses, all taps and *other click fit systems*
- Manufactured from high quality UV resistant ABS plastic with no metal parts ensuring long lasting performance under tough South African Conditions
- Leak free
- Three jaw grip system provides positive, strong location between connectors
- Strong claws bite into the hose as the locking nut is tightened

HOSE CONNECTOR - STANDARD

- Three jaw grip provides positive location and a leak free connection

Code	Size
RIC8170	13mm (Sold on backing card)
RIC8171	13mm Sold loose

HOSE CONNECTOR - WATER STOP

- Automatically shuts off the water flow until an accessory is inserted

Code	Size
RIC8200	13mm

HOSE MENDER

- A quick and easy way to fix broken or leaking hoses

Code	Size
RIC8230	13mm

HOSE CONNECTOR - THREADED

- Male thread for adapting remote threaded connection
- Supplied with 19mm male fitting

Code	Size
RIC8190	19mm

HOSE CONNECTOR - STANDARD

- Three jaw grip provides positive location and a leak free connection

Code	Size
RIC8180	19mm

HOSE CONNECTOR - WATER STOP

- Automatically shuts off the water flow until an accessory is inserted

Code	Size
RIC8210	19mm

HOSE MENDER

- A quick and easy way to fix broken or leaking hoses

Code	Size
RIC8240	19mm

TAP ADAPTOR - FEMALE

- Manufactured from high quality UV resistant ABS
- Available in three sizes to suit any tap
- Most popular size 19mm (RIC9089) is available loose

Code	Size	Code	Size
RIC9060	13mm(Card)	RIC9100	25mm(Card)
RIC9090	19mm(Card)	RIC9089	19mm(Loose)

SNAP-IN DUAL SHUT-OFF - PLASTIC

- Turns one tap into two enabling different areas to be watered
- Control valves for fully adjustable flow rate and shut off

Code	Size
RIC8800	13x19mm

TAP ADAPTOR - FEMALE ASSEMBLY

- Manufactured from high quality UV resistant ABS
- Long lasting performance
- Leak free

Code	Size
RIC9050	13x19mm
RIC9070	19x25mm
RIC9080	16x19mm

WATER DISTRIBUTOR - 4 WAY

- Turns one tap into four enabling different areas to be watered
- Control valves for fully adjustable flow rate and shut off
- Can be used with Raco systems to increase flow volume
- Suitable for 19mm and 25mm taps

Code	Size
RIC9180	19x25mm

TAP ADAPTOR MALE

- Manufactured from high quality UV resistant ABS
- Long lasting performance
- Leak free
- For adapting the system of 19mm female threaded accessories

Code	Size
RIC9120	19mm

WATER TIMER - ELECTRONIC

- Save water by automatically controlling watering times
- Robust reliable function with simple and easy programming
- This unit features an exclusive double-control rotary knob for easy programming: one per minute; one per hour, each of the 12 preset cycles includes an automatic on/off
- Special raised buttons for operation of start and clear (delete)
- Water up to 8 times per day
- Water from 1 to 120 minute cycles
- Enables fully automatic control of garden sprinklers and drip systems
- Running time approximately one year on 1 x 9V alkaline battery (not included)

Only works with a 9V alkaline battery

Code	Size
RIC9188	19-25mm

TAP ADAPTOR RUBBER - ASSEMBLY

- With stainless steel hose clamp
- A universal tap adaptor with stainless steel clamp
- Standard round or oval spout taps

Code	Size
RIC9130	16-19mm

HOSE CONNECTOR - COUPLER

- Ideal for extending hoses or connecting accessories
- Manufactured from high quality UV resistant ABS
- Long lasting performance & leak free

Code	Size
RIC8160	13mm

HOSE CONNECTOR COUPLER 3 WAY

- To divide water source in two directions
- For connecting a 19mm to 13mm hose
- Manufactured from high quality UV resistant ABS
- Long lasting performance & Leak free

Code	Size
RIC8010	13mm

WASHER SET

- Spare washers and 'O' rings for all Raco tap connectors
- System tap connectors
- 3 x washers - 3 x 'O' rings

Code	Size
RIC9170	6 Piece

NOZZLE - ADJUSTABLE

- A versatile nozzle for use anywhere around the garden and home
- Adjustable from a fine mist to a full stream or complete shut off
- Fits all universal quick-fit connector systems
- Tough, UV resistant ABS plastic construction is shock proof and leak free

Code	Size
RIC8370	125mm(Card)

NOZZLE - ADJUSTABLE 4 PIECE SET

- The same versatile nozzle as above supplied in a starter set comprising:
 - RIC8370 Adjustable Nozzle
 - 2 x RIC8170 13mm Hose Connector - Standard
 - RIC9050 13-19mm Female Tap Adaptor Assembly

Code	Size
RIC8380	4 Piece

NOZZLE SPRAY - ADJUSTABLE

- A versatile spray with 4 spray patterns - v-shape, flat jet, mist spray and soft spray
- Tough, UV resistant ABS body is shock proof and leak proof with a sure-grip ribbed body
- Fits all universal quick-fit connector systems

Code	Size
RIC8420	140mm

NOZZLE GUN - ADJUSTABLE

- Infinitely adjustable spray from hard jet to fine mist
- Tough, UV resistant ABS body is shock proof and leak proof with a sure-grip ribbed body
- Fits all universal quick-fit connector systems

Code	Size
RIC8405	-

NOZZLE GUN - METAL

- Heavy duty metal sprayer for watering and cleaning jobs
- Precision brass stem
- Rugged, heavy duty die cast metal body with rust proof finish
- Patented "Bow-type" grip covered with insulated soft-touch synthetic TPR rubber for a secure and comfortable grip
- Tough, impact and UV resistant ABS trigger is also covered with soft-touch synthetic TPR rubber for a secure and comfortable grip
- Smooth action adjustment nut for variable water flow from hard jet to fine mist
- Easy action thumb lock

Code	Size
RIC8390	-

1. Heavy duty die cast metal spray gun with soft-touch synthetic TPR rubber covering for a secure and comfortable grip
2. Suitable for water temp. up to 54°C and withstands water pressure up to 8.6 bars
3. Fully adjustable flow rate control
4. Easy thumb lock for continuous spraying

SPRAY - METAL 4 FUNCTION

- Multi-function spray with 4-way spray pattern for gentle shower to hard jet to fine mist
- Precision brass stem
- Rugged, heavy duty die cast metal body with rust proof finish
- Patented "Bow-type" grip covered with insulated soft-touch synthetic TPR rubber for a secure and comfortable grip
- Tough, impact and UV resistant ABS trigger is also covered with soft-touch synthetic TPR rubber for a secure and comfortable grip
- Easy action thumb lock

Code	Size
RIC8850	-

1. Heavy duty die cast metal spray gun with soft-touch synthetic TPR rubber covering for a secure and comfortable grip
2. Suitable for water temp. up to 54°C and withstands water pressure up to 8.6 bars
3. Fully adjustable flow rate control
4. Easy thumb lock for continuous spraying

SPRAY - HANDY FAN

- Wide angle, gentle spray for lawn or flower beds
- High impact and UV resistant plastic body with water-saving cut off valve
- Built in metal spike for unattended watering at any angle

Code	Size
RIC8830	-

SPRAY GUN - MULTIPURPOSE - METAL

- Multipurpose metal sprayer for watering and cleaning jobs
- Eight different spray patterns; gentle spray, mist spray, cone spray, soft spray, hard jet, vertical spray, flat spray and bubble-jet
- Rugged, heavy duty die cast metal body with rust proof finish
- Sprayer head is protected with a soft TPR ring to prevent damage
- Complete with RACO "Original-Plus" 13mm hose connector

Code	Size
RIC8852	-

1. Heavy duty die cast metal spray gun with soft-touch synthetic TPR rubber covering for a secure and comfortable grip
2. Soft TPR trigger with convenient lock for continuous spraying
3. Press button to release trigger and turn off
4. Fully adjustable flow rate control
5. RACO "Profi-Plus" hose connector with sturdy metal ring and TPR grip supplied

SPRAY GUN - MULTIPURPOSE - PLASTIC

- Multipurpose metal sprayer for watering and cleaning jobs
- Eight different spray patterns; gentle spray, mist spray, cone spray, soft spray, hard jet, vertical spray, flat spray and bubble-jet
- Tough, UV resistant ABS plastic construction is shock proof and leak proof
- Sprayer head is protected with a soft TPR ring to prevent damage
- Without connector

Code	Size
RIC8854	-

1. Trigger with convenient lock for continuous spraying
2. Press button to release trigger and turn off

LANCE SPRAY - MULTIPURPOSE

- Multipurpose metal sprayer for watering and cleaning jobs
- Long reach lance for watering high and inaccessible places
- Eight different spray patterns; gentle spray, mist spray, cone spray, soft spray, hard jet, vertical spray, flat spray and bubble-jet
- Single hand operation with infinitely adjustable flow
- Sprayer head is protected with a soft TPR ring to prevent damage

Code	Size
RIC8856	700mm

Comfortable ergonomic handle sure grip with soft TPR components for perfect handling

Ergonomic on/off & variable water flow control knob for simple and convenient single handed operation

SPRINKLER - OSCILLATING

- Designed for watering smaller rectangular areas
- Patented dirt resistant gear mechanism for wide and even water distribution
- Infinite adjustment of spray width from 16 spray jets
- Built in nozzle cleaner and filter for extra protection
- Impact and UV resistant ABS housing

Code	Size
RIC8913	425mm

Adjustable spray width

Built in water filter

Built in nozzle cleaner

2 Bar (28 PSI) max 105m²
4 Bar (56 PSI) max 250m²

SPRINKLER - PYRAMID

- A popular, inexpensive sprinkler for any size garden
- Manufactured from tough, UV and impact resistant ABS plastic
- Shock proof and leak proof
- Even water distribution

Code	Size
RIC8953	150mm

SPRINKLER - SLED

- Simple, inexpensive sled base, non-adjustable sprinkler which delivers a fine spray over a circular area
- For watering smaller areas such as flower or vegetable beds
- Coverage area 65m²
- Range of spray 9mØ

Code	Size
RIC8955	150mm

SPRINKLER - STATIONARY - CIRCULAR

- For lawns or garden beds
- Supplied with built in spike for positive positioning
- Tough, UV and shock resistant ABS construction
- Circular spray head

Code	Size
RIC9020	-

SPRINKLER - STATIONARY - WHIPPER

- For lawns or garden beds
- Supplied with built in spike for positive positioning
- Tough, UV and shock resistant ABS construction
- Whipper fan atomises water spray for fine, even distribution

Code	Size
RIC9030	-

SPRINKLER - 8 FUNCTION

- Eight position dial selection for different watering patterns
- Provides even water penetration
- Covers 8 different lawn areas - strip, circle, semi circle, square, rectangle, half radiation and full radiation
- Manufactured from UV and impact resistant ABS plastic
- Compact and stable sled base

Code	Size
RIC9040	-

SPRINKLER - 5 FUNCTION

- One sprinkler suitable for 5 different area types
- Turn the sprinkler selector disc to a or b for round planted or decorative areas and c, d or e for areas along paths, narrow strips of lawn and flower beds
- Even distribution of water prevents puddles forming
- Positioning spike for stable application
- Manufactured from UV and impact resistant ABS plastic

Code	Size
RIC9038	-

SPRAY ROUND MIST

- Zinc die-cast
- Trouble free
- Ideal for medium water pressure

Code	Size
MAZ1050	-

SPRINKLER - SPIKE "MC" TYPE

- Suitable for sprinkling lawns
- Tandem spike base for stability whilst spraying
- Tough, UV and impact resistant ABS plastic construction
- Spike has integral double connection for use alone or in series (quick fitting plus 19mm male under cap on other side)

1/4 Circle Distribution

Code	Size
RIC8970	-

SPRINKLER - SPIKE CIRCULAR

- Suitable for sprinkling lawns
- Tandem spike base for stability whilst spraying
- Tough, UV and impact resistant ABS plastic construction
- Spike has integral double connection for use alone or in series (quick fitting plus 19mm male under cap on other side)

Full Circle Distribution

Code	Size
RIC8960	-

SPRINKLER - SPIKE ROTATING ADJUSTABLE (SINGLE NOZZLE)

- The rotating sprinkler has a single precision delivery nozzle
- The nozzle is adjustable and can be set to provide a medium or coarse spray or to adjust area of coverage
- Tandem spike base for stability whilst spraying
- Tough, UV and impact resistant ABS plastic construction
- Spike has integral double connection for use alone or in series (quick fitting plus 19mm male under cap on other side)

Code	Size
RIC8958	-

SPRINKLER - AQUA GEAR DRIVE

- A unique and innovative design that offers excellent area coverage and efficiency of water distribution
- The patented gear drive motor with precision clutch mechanism guarantees high performance and reliability
- Silent operation
- Fully adjustable from 0° to 360° circle coverage or continuous rotation
- 5 different spray patterns for a variety of watering options
- Rotary spray head rotates up to 90° on either side to allow for the most convenient watering position
- Ideal for medium to large gardens, lawns, turf, shrubs, flower beds and seedlings
- Sturdy rustproof metal spike with RACO System connector and end cap

Code	Size
RIC8886	-

Five selectable spray patterns selected by means of a simple adjusting ratchet for a wide variety of watering

Rotary spray head rotates up to 90° on either side for the most convenient working position

Patented gear drive motor built-in precise clutch mechanism guarantees high performance and efficiency

0°-360° fully adjustable easy adjustment rings control distribution from sector to full circle

SPRINKLER - SPIKE ROTATING ADJUSTABLE (TRIPLE NOZZLE)

- The rotating sprinkler has three precision delivery nozzles
- Each nozzle is adjustable and can be set to provide a medium or coarse spray or to adjust area of coverage
- Tandem spike base for stability whilst spraying
- Tough, UV and impact resistant ABS plastic construction
- Spike has integral double connection for use alone or in series (quick fitting plus 19mm male under cap on other side)

Code	Size
RIC9000	-

SPRINKLER - METAL IMPULSE HEAD ONLY

- A full or part circle sprinkler covering up to 500m²
- Heavy duty, manufactured from rugged zinc metal alloy with a brass / stainless steel head with antique copper baked finish for extra durability
- Factory tested for reliability
- Standard 13mm male connection
- Stream length is adjustable from 3 - 12.5m radius
- Suitable for water pressure 20 to 100 PSI
- Adjustable nozzle baffle to control height and distance of spray
- Easy-to-clean nozzle - simply reverse flush with hose pipe

Code	Size
RIC8900	-

SPRINKLER - METAL IMPULSE WITH STEP METAL SPIKE

- Same as RIC8900 except supplied with two-way heavy duty step metal spike with integral female connection

Code	Size
RIC8910	-

SPRINKLER - PLASTIC IMPULSE HEAD ONLY

- A full or part circle sprinkler covering up to 380m²
- Manufactured from high impact, UV resistant POM-ABS plastic with brass fittings
- Fine adjustment mechanism
- Stream length is adjustable from 3 - 11.0m
- Suitable for water pressure 20 to 90 PSI
- Brass connector with standard 13mm male adaptor

Code	Size
RIC8940	-

SPRINKLER - PLASTIC IMPULSE WITH METAL SPIKE

- Same as RIC8940 except supplied with metal spike with integral male quick fit connection

Code	Size
RIC8950	-
RIC8905	Spike Only

SPRINKLER - IMPULSE

- Manufactured from sturdy metal, POM-ABS and brass
- Finely adjustable water distribution in either part or full circle
- Specially designed metal hammer prolongs durability
- Precision brass nozzle with strong, stainless steel adjustment rings
- Adjustable brass diffuser to control height and distribution
- Maximum coverage of 490m²

Code	Size
RIC8888	-

SPRINKLER - BASE IMPULSE

- "H-Sled" Base
- Tough, compact UV and impact resistant ABS construction
- A full or part circle sprinkler covering up to 490m²

Code	Size
RIC8890	-

- Manufactured from high impact, UV resistant POM-ABS plastic with brass fittings
- Fine adjustment mechanism
- Stream length is adjustable from 3 - 11.0m
- Suitable for water pressure 20 to 90 PSI
- Standard 13mm male adaptor

HOSE PIPE

- Made from high grade materials which are hard wearing and flexible
- Highly resistant to pressure
- Lightweight 3-ply construction with cross woven reinforcement is kink resistant and durable

Code	Size	Rating
RIC8250	12mm x 20m + Fit'	6 Year
RIC8251	12mmx20m + Sprinkler	6 Year
RIC8253	12mm x 20m	6 Year
RIC8255	12mm x 30m	6 Year
RIC8260	12mm x 100m	6 Year
RIC8270	20mm x 30m	6 Year
RIC8280	20mm x 100m	6 Year
RIC8281	12mm x 30m	10 Year
RIC8282	12mm x 30m	10 Year

HOSE - BLACK DRAG LINE

- Used in irrigation and farming applications
- Tough, UV resistant multi-ply construction

Code	Size	Rating
RIC8289	20mm x 30m	10 Year

HOSE - SOAKER

- Non-roll lines for watering stability
- Simply connects to garden hose
- Can be used at low pressure to soak around plants
- Ideal for lawns, long narrow driveways, nature strips, hanging plants and garden beds

Code	Size
RIC8290	15m x 19mm
RIC8300	7.5m x 19mm

HOSE - HANGER PLASTIC

- Sturdy construction for long service life
- Holds up to 30m of 13mm hose with slots for accessories

Code	Size
RIC8220	-

HOSE - HOLDER METAL

- An inexpensive steel wall bracket that holds up to 30m of 13mm hose
- Clear lacquer finish for protection

Code	Size
RIC8225	-

HOSE TROLLEY CART & HOSE REEL

- A practical and simple way to transport and store hoses
- Well designed crank handle and stable stand
- Angled hose connection prevents hose from twisting when winding on and off
- Special guide prevents hose from kinking
- Rust and corrosion resistant
- Each item holds up to 60m of 13mm hose or 30m of 19mm hose
- Complete with connector accessories and assembly instructions
- With 2 RACO original tap connectors

Code	Size
RIC8312	Hose cart trolley
RIC8342	Hose reel

SPRAY - PRESSURE 6 & 8 LITRE

- Sturdy pressure sprayers available in 2 convenient sizes
- Ideal for spraying pesticides or fertilisers
- Solid and stable pressure resistant container with wide opening for easy filling
- Safety valve and manual pressure release
- Strong and comfortable pump handle for safe operation
- Lockable pump handle doubles up as a carry handle
- On/off easy-to-operate trigger control with lock on facility
- Built in filter
- Spray nozzle is fully adjustable from fine mist to single jet
- Long reach spray lance can be clipped into the pump handle for safe, easy storage
- Supplied with load bearing carry strap
- **Spare parts are available**

Code	Size
RIC8880	6 Litre
RIC8881	8 Litre

1. Pump and carry handle
2. Wide opening for easy filling
3. Pressure release valve
4. Carry strap
5. Precision nozzle
6. On/off trigger
7. 1.5 metre hose

SPRAY - TRIGGER 500ML & 1 LITRE

- Versatile pressure sprayer for home and garden
- Adjustable nozzle provides a choice of single jet through to fine mist
- Trigger action for easy one-hand action

Code	Size
RIC8882	500ml
RIC8883	1 Litre

SPRAY - PRESSURE 1.25 LITRE

- Versatile pressure sprayer for home and garden
- Adjustable nozzle provides a choice of single jet through to fine mist
- Filter in the suction pipe protects the nozzle from clogging
- Translucent blow moulded container with convenient one-hand trigger action

Code	Size
RIC8865	1.25 Litre

RAKE - LAWN PLASTIC - WOODEN HANDLE

- A rigid lawn rake manufactured from UV stabilised PVC
- Supplied with hardwood handle which is firmly attached to the leaf head
- Flexible tines gather leaves quickly and easily

Code	Size
RIC8482	1400 x 420mm

RAKE - LAWN PLASTIC - GREEN - STEEL HANDLE

- 26 strong, quality plastic tines, 43cm width
- Lightweight construction for ease of use and gentle to lawn surface
- 150cm tubular steel handle
- Supplied with handle and head separated

Code	Size
RIC8490	43 x 150cm

RAKE - LAWN STEEL FAN

- For large areas, raking up leaves, grass cuttings and all garden waste
- 15 tempered, round steel tines are adjustable from 17.5 - 55cm width
- Heavy gauge galvanised pressed steel frame
- Tubular steel handle with adjusting lever and vinyl grip

Code	Size
RIC8505	17.5 - 55 x 117.5cm

RAKE - LAWN RUBBER

- Hardwood handle is firmly attached to the leaf head
- Rubber tines are secured into a strong metal head
- Flexible tines gather leaves quickly and easily

Code	Size
DYN1050	40 x 127.5cm

RAKE - LAWN STEEL ADJUSTABLE

- 22 tempered flat spring steel tines, 45cm width
- Adjustable from continuous loop
- Supplied with handle locking 'U' Bolts
- Handle not supplied

Code	Size
RIC8500	45cm

RAKE - ALL STEEL - 16 TOOTH

- Heavy gauge welded steel construction
- 16 tempered tines
- Powder coated for durability

Code	Size
DYN1040	39.5 x 131cm

RAKE - ROAD HEAVY DUTY

- Rake heads are fabricated from selected wear resistant steel
- To suit both domestic and commercial applications
- Complete with wooden handles

Code	Size
LAS2897	16 Tines
LAS2898	24 Tines

HAND TROWEL

- Epoxy coated silver grey
- Working width 90mm
- Manufactured from heavy gauge pressed steel
- Tough, impact resistant sure-grip handle

Code	Size
RIC8110	310mm

HAND FLOWER RAKE

- Epoxy coated silver grey
- Working width 115mm
- Manufactured from heavy gauge pressed steel
- Tough, impact resistant sure-grip handle

Code	Size
RIC8080	320mm

HAND TROWEL (LONG HANDLE)

- Durable formed steel blade
- Ideal tool for preparing flower boxes and pot plants
- Long wooden handle

Code	Size
LAS2468	450mm

HAND CULTIVATOR

- Epoxy coated silver grey
- 3 pronged cultivator made from heavy gauge steel
- Working length 80mm
- Tough, impact resistant sure-grip handle

Code	Size
RIC8060	400mm

HAND TRANSPLANTER

- Epoxy coated silver grey
- Working width 57mm
- Manufactured from heavy gauge pressed steel
- Tough, impact resistant sure-grip handle

Code	Size
RIC8100	325mm

HAND WEEDING HOE

- Epoxy coated silver grey
- Double head tool comprising three 60mm prongs on one side and a 53mm draw hoe on the other side
- Manufactured from heavy gauge steel
- Tough, impact resistant sure-grip handle

Code	Size
RIC8140	320mm

TROWEL -TRANSPLANTER

- Ideal tool for transplanting of seedlings
- Polypropylene handle

Code	Size
LAS2465	350mm

HAND WEEDER

- Epoxy coated silver grey
- Manufactured from heavy gauge steel
- Tough, impact resistant sure-grip handle

Code	Size
RIC8120	330mm

HAND WEEDING FORK

- Epoxy coated silver grey
- Working width 75mm
- Manufactured from heavy gauge pressed steel
- Tough, impact resistant sure-grip handle

Code	Size
RIC8130	315mm

DAISY GRUBBER

- Carbon steel blade, hardened and tempered
- For weeding flower beds
- Polypropylene handle

Code	Size
LAS2463	330mm

HAND FORK (LONG HANDLE)

- Durable formed steel tines
- Long wooden handle

Code	Size
LAS2467	450mm

HAND JOINT SCRAPER

- Hardened high carbon steel blade, fully heat treated with precisely sharpened cutting edges and clack enamel finish
- Blade length 90mm
- Tough, impact resistant sure-grip handle

Code	Size
RIC8090	260mm

FORK - LADIES

- Solid steel construction
- Comfortable plastic handle
- Size is suitable for lady gardener
- Epoxy powder coated for protection

Code	Size
DYN0900	930mm

10 PRONG BALLAST FORK

- Fork heads are forged from carbon steel
- Hardened and tempered to ensure maximum strength and toughness
- Used for crush stone work
- Anti corrosive black finish
- Clear lacquered wooden handle

Code	Size
LAS2460	1050mm

ROUND NOSE SHOVEL - STEEL SHAFT

- Easy-care wipe clean tubular steel shaft
- Comfortable plastic handle
- Blade is made of pressed steel and has a foot tread formed on the top edge

Code	Size
TIE9840	900mm

SPADE - LADIES

- Solid steel construction
- Comfortable plastic handle
- Size is suitable for lady gardener
- Epoxy powder coated for protection

Code	Size
DYN1070	950mm

STEEL HAY FORK - 3 PRONG

- Fork heads are forged from carbon steel
- Hardened and tempered to ensure maximum strength and toughness
- Facilitates easy handling of hay baled or unbaled
- Steel shafts epoxy powder coated
- Green painted head

Code	Size
LAS2453	2100mm

SQUARE MOUTH SHOVEL

- Easy-care wipe clean tubular steel shaft
- Comfortable plastic handle
- Blade is made of pressed steel and has a foot tread formed on the top edge

Code	Size
TIE9845	900mm

4 PRONG DIGGING FORK

- Easy-care wipe clean tubular steel shaft
- Comfortable plastic handle
- Blades are heat treated and tempered for strength and are securely welded to the shaft

Code	Size
TIE9800	1000mm

DIGGING SPADE STEEL SHAFT

- Easy-care wipe clean tubular steel shaft
- Comfortable plastic handle
- Blade is made of pressed steel and has a foot tread formed on the top edge

Code	Size
TIE9850	900mm

RUBBER SQUEEGEE

- Complete with wooden handle
- Used to remove or control the flow of liquid on a flat surface

Code	Size
DYN1100	450mm
DYN1120	600mm

DUTCH HOE - ALL STEEL

- Hot formed from high quality carbon steel
- Hardened and tempered for maximum durability
- Epoxy Powder coated

Code	Length	Blade
LAS2665	1500mm	180mm

HANDLE PICK / MATTOCK WOODEN

- Standard grade
- For 3 kg pick, pick, axe, and mattock

Code	Length
HND0083	900mm

HOE HEAD - RAISED

- Hot formed from high quality carbon steel
- Hardened and tempered for maximum durability

Code	Weight
TIE9000	700g
TIE9020	900g

HANDLE PICK / MATTOCK PLASTIC

- Polypropylene
- For 3 kg pick, pick, axe, and mattock

Code	Weight
TIE9750	900mm

DIAMOND & CHISEL PICK - HEAD ONLY

- A general purpose cast steel pick head for digging in clay and hard ground
- Head features both chisel and point ends
- Fits standard pick shaft

Code	Weight
TIE9830	3kg

FELLING AXE

- Manufactured from carbon steel, carefully hardened and tempered
- The head is fully ground with polished cutting edges

Code	Weight
HON0520	1,82kg

BEATER PICK - HEAD ONLY

- Forged from carbon steel with hardened and tempered points
- Anti corrosive black finish

Code	Weight
LAS2733	3,8kg

FELLING AXE

- Axes are forged from the finest quality carbon steel
- Cutting edge hardened and tempered for maximum durability
- Hardwood hickory handle

Code	Weight
LAS2010	1,8kg

MATTOCKS PICK - HEAD ONLY

- Forged from carbon steel with hardened and tempered blades.
- Anti corrosive black finish

Code	Weight
LAS2705	2,25kg

GAUNTLET TOOLS

FELLING AXE

- Spring Steel
- All steel construction
- Reinforced rubber covered handle

Code	Weight
GAU0003	1,8kg

MATTOCKS CUTTER - HEAD ONLY

- Forged from carbon steel with hardened and tempered blades.
- Anti corrosive black finish

Code	Weight
LAS2700	2,25kg

HATCHET AXE

- Manufactured from carbon steel, carefully hardened and tempered
- The head is fully ground with polished cutting edges

Code	Weight
HON0500	0,91kg

HATCHET - STEEL SHAFT

- One piece head and shaft
- Manufactured from carbon steel, carefully hardened and tempered
- The head is fully ground with polished cutting edges
- Comfortable rubber handle reduces shock

Code	Weight
MTS3430	600g

LONG AXE HANDLE - SOLID WOOD

- Standard grade
- For 1,8kg axe head (see below, left)

Code	Length
HND0005	900mm

HATCHET - PLASTIC HANDLE

- Hatchets are forged from the finest quality carbon tool steel
- Cutting edges are hardened and tempered for maximum durability
- Polypropylene handle

Code	Weight
LAS2004	900g

HATCHET HANDLE - SOLID WOOD

- Standard grade
- For 900g axe head

Code	Length
HND0065	400mm

HATCHET - STEEL SHAFT

- Hatchets are forged from the finest quality carbon tool steel
- Cutting edges are hardened and tempered for maximum durability
- All steel handle

Code	Weight
LAS2005	900g

HOE HANDLE - SOLID WOOD

- Standard grade
- 50mm Ø
- For head weight 700-900g

Code	Length
HND0070	1200mm

GAUNTLET TOOLS

HATCHET - ALL STEEL

- Spring Steel
- All steel construction
- Reinforced rubber covered handle

Code	Weight
GAU0004	1,1kg

RAKE HANDLE - SOLID WOOD

- Standard grade
- 25mm Ø
- Hardwood handle with end tapered to fit rake head socket

Code	Length
HND0085	1500mm

PICK EYE AXE - HEAD ONLY

- Forged from carbon tool steel with cutting edge hardened and tempered for maximum durability
- Pick eye is made to fit onto pick or axe handle
- Used to cut hard wood and roots

Code	Weight
LAS2730	1,8kg

TOOL RAIL

- Useful for storing tools in the house and garden
- Galvanised steel construction with 5 plastic coated hooks
- Complete with mounting screws

Code	Size
RIC9140	430mm

SICKLE - WOODEN HANDLE

- Wooden Handle
- Serrated carbon steel blade

Code	Size
HON8047	480mm

CANE KNIFE - HOOK PLASTIC HANDLE

- Manufactured from carbon steel, hardened and tempered
- Cutting edges ground + integral hook end
- Plastic handle
- Used mainly for cutting sugar cane
- Also for light brush cutting
- Finish: Etch coat black

Code	Blade Length
TIE9810	335mm

GRASS SLASHER

- Plastic Handle
- Carbon steel blade with honed cutting edge

Code	Length
HON8048	700mm

CANE KNIFE - HOOK

- Manufactured from carbon steel, hardened and tempered
- Cutting edges ground + integral hook end
- Wooden handle securely riveted to the blade
- Used mainly for cutting sugar cane
- Also for light brush cutting
- Finish: Etch coat black

Code	Blade Length
LAS2690	335mm

GRASS SLASHER

- Used for slashing grass and clearing undergrowth
- Tempered steel blade
- End of blade offset and sharpened
- Plastic handle

Code	Length
LAS3185	700mm

CORN KNIFE

- Durable polypropylene handle moulded directly onto blade
- Used for harvesting corn and general brush cutting

Code	Blade Length
LAS2675	370mm

SLASHER - DOUBLE EDGE

- A sturdy tool used in the forest industry for chopping dead branches and dense bush
- Complete with wooden handle

Code	Length
LAS3180	1220mm

HACKING KNIFE - PLASTIC HANDLE

- Hacking knives are forged from the finest quality carbon tool steel
- Hacking knives are used for cutting open old drums, roof sheeting and slitting sheet metal
- Epoxy powder coating and vinyl grip for safety

Code	Blade Length
LAS2680	220mm

CANE KNIFE - PLAIN PLASTIC HANDLE

- Standard pattern cane cutting knife
- Can be used for clearing undergrowth and light vegetation
- High quality steel blade
- Plastic handle, firmly bonded to blade

Code	Blade Length
TIE9815	335mm

LONG MACHETE - LONG HANDLE

- Manufactured from carbon steel hardened and tempered for durability
- Used for chopping down dense bush
- Durable polypropylene handle moulded directly onto blade

Code	Blade Length
LAS2708	380mm

CANE KNIFE - PLAIN

- Manufactured from carbon steel, hardened and tempered
- Cutting edges ground
- With short wooden handle securely riveted to the blade
- Used mainly for cutting sugar cane
- Also for light brush cutting
- Finish: Etch coat black

Code	Blade Length
LAS2670	335mm

PRUNING SAW - DOUBLE EDGE

- Polypropylene handle mounted directly onto the double edged blade
- General household pruner

Code	Blade Length
LAS3085	400mm

PRUNING SAW - CURVED

- Suitable for cutting thick branches this curved blade with optimal cutting angle is extremely durable and easy to handle
- Specially hardened curved blade with hard point cross teeth for efficiency and long life
- Rust proof protective coating
- Comfortable, tough ABS handle guarantees a firm grip and has a recess to accept a 22mm extension pole
- 'Racotek-cut' unique blade with technology improvement provides low friction and high cutting efficiency

Code	Size
RIC8560	525mm

PRUNING SAW - FOLDING

- A handy pocket size saw with blade that folds into the handle
- **Extra strong sawing blade** is manufactured from high grade saw steel JIS SK4 (AISI L6, DIN 1.2718-1.2721) specially hardened and tempered for unmatched strength and durability
- **Professional sharp cut** - 3-sided tooth configuration and precision setting permits fast cutting on the "pull" stroke to reach overhead branches smoothly and safely
- Comfortable ergonomic handle - tough, compact ABS with soft touch grips for increased comfort and control
- 'Racotek-cut' unique blade with technology improvement provides low friction and high cutting efficiency

Code	Size
RIC8570	420mm

PRUNING SAW - CURVED

- Polypropylene handle with facility for extension handle
- General household pruner

Code	Blade Length
LAS3083	350mm x 5.5pt

PRUNING SAW - CURVED

- Epoxy powder coated socket (tubular) with facility to extend handle
- General purpose pruning in forests

Code	Blade Length
LAS3086	350mm x 5.5pt

TREE PRUNER

- Expert quality, heavy duty pruner preferred by professionals
- Special mechanism with strong, rigid construction for long life under the toughest conditions
- Hardened, heavy duty steel head is operated by means of a nylon rope through a pulley mechanism
- Strong cutting blade is forged from high grade Sk5 steel which is fully heat treated, precision ground and Hiteklon® coated for friction and rust resistance
- For larger branches the pruner is supplied complete with a removable 350mm saw blade manufactured from tempered, high grade saw steel with precision set teeth
- A tubular extension handle is available (RIC8150) see below

Code	Size
RIC9150	350mm

HANDLE - TUBULAR TELESCOPIC

- Two section telescopic action, extending from 1.5 - 2.4m with a simple lock/release twist
- Manufactured from strong, lightweight aluminium
- Compatible with RIC9150 Tree Pruner (above)

Code	Size
RIC8150	1.5 - 2.4m

BOW SAWS

- Epoxy powder coated frame supplied complete with blade
- General purpose lever action saw for pruning
- Regular peg tooth blade

Code	Size
MTS4011	530mm

Code	Size
MTS4012	600mm

Code	Size
MTS4013	750mm

Code	Size
MTS4014	900mm

BOW SAWS

- Heavy duty epoxy coated frame supplied complete with 31A tooth bowsaw blade
- General purpose sawing of logs, mine props etc.

Code	Size
LAS3015	530mm

Code	Size
LAS3020	600mm

Code	Size
LAS3025	750mm

Code	Size
LAS3030	900mm

Code	Size
MTS1760	530mm
MTS1761	600mm
MTS1762	750mm
MTS1763	900mm

Code	Size
LAS2050	600mm
LAS2055	750mm
LAS2060	900mm
LAS2065	530mm

SECATEURS AND SHEARS

- Expert quality, economy and professional secateurs and shears are manufactured from quality materials and finishes for years of trouble free use
- Ergonomic styling for comfort and ease of use
- Hardened and tempered blades are precisely ground and sharpened
- Certain blades are coated with Hitekflon®, a superior non-stick coating applied to German techniques and standards
- Spring loaded handles are fitted with safety catches in most cases
- Spare parts are available for most models

SECATEURS - HEAVY DUTY

- Standard quality shear with adjustable gear and replaceable blade
- Hardened high grade steel blades are fully heat treated, precisely ground and sharpened for easy cuts
- Heavy duty aluminium handles have a tempered spring and comfortable vinyl grips and safety lock

Code	Size
RIC8608	210mm

SECATEURS - ECONOMY

- Economy grade shear
- Hardened high grade steel blades are fully heat treated, precisely ground and sharpened for easy cuts
- Spring loaded aluminium handles have comfortable vinyl grips and safety lock

Code	Size
RIC8610	205mm

SECATEURS - HEAVY DUTY

- Expert quality, heavy duty bypass performance
- Exclusive patented Soft-Air-Bulb grips for maximum performance and comfort
- Handles are lifetime moulded to tangs and feature a positive safety lock and wrist strap
- Fully hardened high grade steel blades with friction free, rust resistant Hitekflon® coating are precision ground and sharpened for lasting clean cuts

Code	Size
RIC8620	200mm

BYPASS PRUNING SHEAR

- Non-slip cushion grips for comfort
- Precision ground blades
- Precision micro-adjustable blade tension
- Rubber buffer for cushioned stop
- Safety catch

Code	Size
RIC8763	200mm

BYPASS PRUNING SHEAR

- For general home gardens
- Aluminium body
- High quality, replaceable blade
- Plastic covered comfort handles

Code	Size
VIC3380	210mm

SECATEURS - FLOWER

- Expert quality, ideal ladies or pocket shear
- Hardened high grade steel blades with friction free, rust resistant Hitekflon® coating are precision ground and sharpened for lasting clean cuts
- Pointed blades for flower arrangers
- Heavy duty handles are moulded to blade tangs with easy action thumb lock and wrist strap

Code	Size
RIC8600	175mm

POCKET SECATEURS - FLOWER

- Classic pocket design with pointed blades for flower arrangers, hobbyists or household use
- Hardened stainless steel blades with precision ground, specially serrated edge on lower blade to make cutting easy
- Sturdy metal handles with comfortable soft grips
- Single hand operated safety lock

Code	Size
RIC8625	150mm

PRUNER - PROFESSIONAL PROFI-PLUS RANGE

- Traditional design secateurs for pruning and training of vines and fruit trees
- Very robust design for high performance, professional use
- Full-piece forged steel alloy construction is fully heat treated with tapered cutting head and precision ground blades ensure a precise, powerful cut
- Blades can be re-sharpened
- Comfortable non-slip cushioned grips
- Single hand operated safety lock

Code	Size
RIC8685	220mm

SHEAR - PRUNING HEAVY DUTY

- Expert quality, heavy duty shear suitable for hobbyists and professionals
- Fully hardened high grade steel blades with friction free, rust resistant Hitekflon® coating are precision ground and sharpened for lasting clean cuts
- Precise adjustable blade mechanism for constant even cuts
- Upper blade is easily replaceable
- Heavy duty aluminium handles have a tempered spring and comfortable vinyl grips and safety lock

Code	Size
RIC8765	210mm

SHEAR - PRUNING HEAVY DUTY

- These expert quality secateurs with sure cut have hardened, high grade steel blades with friction free, rust resistant Raco Hiteklon® finish
- Precisely sharpened blade for an easy clean cut
- Comfortable synthetic soft TPR rubber covered handles are non-slip
- Convenient thumb operated safety lock
- With practical wrist strap

Code	Size
RIC8780	210mm

SHEAR - GRASS, SINGLE ACTION

- Expert quality, lightweight but sturdy hand shear with single action for optimised cutting performance
- High grade steel blades are hollow ground, fully hardened and tempered with friction free, rust resistant non-stick coating
- Compact and comfortable ABS handles with double thumb locks
- Easy work for right and left handed users

Code	Size
RIC8690	355mm

SECATEURS RATCHET - HEAVY DUTY

- Ratchet mechanism for easier and improved cutting
- Comfortable handle with unique bow-type grip
- Hardened high grade steel blade with Raco Hiteklon® finish is precisely ground and sharpened for long lasting cuts
- Heavy duty aluminium handles with soft TPR rubber grip
- Safety lock device is easily operated by the left or right hand
- Special with removable oil soaked sponge stored in handle

Code	Size
RIC8622	200mm

SHEAR - GRASS SWIVEL HANDLE

- Swivel blade action shear with three cutting positions for vertical, horizontal and diagonal cutting
- High grade steel blades are hollow ground, fully hardened and tempered with friction free, rust resistant non-stick coating for a quick clean cut
- Hardened heavy gauge steel handles are smoothly japanned with soft vinyl grips plus locking button

Code	Size
RIC8700	340mm

SNIPS - UNIVERSAL STAINLESS

- Sturdy, handy pocket cutter suitable for many garden jobs, cutting sheet metal, cables, carpet, leather, rubber etc.
- Hardened stainless steel blades are mirror polished and the bottom blade has a serrated edge to improve grip during cutting
- Tough ABS plastic handles are spring loaded and incorporate a lock for easy one-hand operation

Code	Size
RIC8810	190mm

SHEAR - SHEEP

- Handy sheep shears for trimming garden bed edges and weeds
- Carbon steel blades with a spring steel handle

Code	Size
MTS4590	310mm

SHEAR - GRAPE

- Expert quality, stainless steel blades, precisely ground and sharpened for a clean cut
- Hardened steel handles are chrome plated and spring loaded with comfortable ergonomic vinyl grips
- Safety working loop
- Ideal for grape and other fruit harvesting

Code	Size
RIC8680	190mm

SHEAR - SHEEP

- For trimming of lawn edges
- Cutting very light grasses
- Two high quality blades joined at the back with a strong steel spring

Code	Size
VIC3390	310mm

HIGH GRADE HEDGE SHEARS

- Expert quality, perfectly balanced, lightweight shears with improved lever action for easier cutting
- High grade steel blades are fully hardened, tempered, hollow ground and coated with Hitektion®, a superior non-stick coating applied to German techniques and standards
- Adjustable blade tensioning feature on most models
- Durable shock absorbing bumper on most models

SHEAR - HEDGE STRAIGHT CUT

- General-purpose shears for all types of soft hedges and grasses in the garden
- Comfortable rubber handles reduce shock
- Carbon steel blades for prolonged use between sharpening

Code	Size
RIC8718	500mm

SHEAR - HEDGE - ALL METAL

- Wave edged blades for trimming and shaping of shrubs and hedges
- Lightweight, suitable for ladies
- Oval shaped, lightweight aluminium handles for tensile strength and increased leverage

Code	Size
RIC8710	550mm

SHEAR - HEDGE PROFESSIONAL

- Professional quality shears with superior features for trimming and shaping of shrubs and hedges
- Precisely adjustable mechanism for constant even cut
- Deluxe shock absorbers for increased comfort
- Oval shaped, lightweight aluminium handles for tensile strength and increased leverage

Code	Size
RIC8715	600mm

SHEAR - HEDGE STRAIGHT CUT

- Economically priced shears for general purpose use
- Hollow ground blades, tempered and finely polished for rust resistance
- Hardened steel body-shank with tension adjusting nut
- Hardwood handles are smoothly contoured and polished with steel ferrules and rubber buffer stops
- Straight edged blades

Code	Size
RIC8720	510mm

SHEAR - HEDGE WAVE CUT

- Economically priced shears for general purpose use
- Hollow ground wave edged blades, tempered and finely polished for rust resistance
- Hardened steel body-shank with tension adjusting nut
- Hardwood handles are smoothly contoured and polished with steel ferrules and rubber buffer stops

Code	Size
RIC8730	510mm

SHEAR - HEDGE

- General-purpose shears for all types of soft hedges and grasses in the garden
- Turned wooden handles
- Carbon steel blades for prolonged use between sharpening

Code	Size
RIC8575	500mm

HEDGE SHEAR - DELUXE

- Durable polypropylene handle with hardened and tempered blades made from high quality chrome vanadium steel
- For trimming hedges, bush, shrubs and light duty pruning

Code	Size
LAS3150	500mm

LOPPING SHEARS

- A range of professional shears with precision ground blades
- Blades are coated with Hitekflon®, a superior non-stick coating applied to German techniques and standards

- All shears have strong, lightweight aluminium lever arms
- Long lever arms are oval shaped to ensure tensile strength and good leverage on tough branches
- Ergonomic handles are non-slip for comfort and ease of operation

SHEAR - HEDGE TELESCOPIC

LESS
25%
EFFORT

Code	Size
RIC8725	625 - 835mm

- Wave edged blades with superior non-stick coating
- With RACO patented ergonomics cutting technology mechanism saves at least 25% effort
- Telescopic action tubular steel handles extend from 625mm to 835mm with a simple lock release twist
- Comfortable soft touch grips reduce shock
- Lightweight telescopic aluminium handles with a simple, quick lock/release twist

SHEAR - LOPPING HEAVY DUTY ANVIL TYPE

Code	Size
RIC8735	800mm

- Expert quality, extra heavy duty pattern preferred by professionals for long life under the toughest conditions for years of trouble free use
- Adjustable hard-chrome plated anvil for power level cutting action
- Hardened and heat treated precision ground blades with Hitekflon® coating for friction free cutting and lasting sharpness
- Heavy duty body shank is heat treated and hard chrome finished for corrosion protection
- Cuts branches up to 40mm
- Anvil hook helps keep branch in place while cutting
- Heavy duty anvil pattern for cutting hard dry dead wood or thick branches

SHEAR - LOPPING - HOOK, HIGH GRADE

Code	Size
RIC8745	775mm

- Expert quality, heavy duty pattern preferred by professionals
- Bypass technology with strong, rigid construction for long life under the toughest conditions
- Heavy duty hook and blade are drop forged from high grade steel and are fully hardened and heat treated
- Hitekflon® coating allows for friction free cutting and lasting sharpness
- Body is heat treated and hard chrome finished for corrosion protection
- Cuts branches up to 38mm
- Unique high leverage for easier cutting

SHEAR - LOPPING HOOK TYPE

Code	Size
RIC8750	700mm

- Expert quality, bypass technology for clean, easy cutting in hard-to-reach areas
- Hardened and heat treated precision ground blades with Hitekflon® coating for friction free cutting and lasting sharpness
- Hardened and heat treated, heavy duty body shank
- Cuts branches up to 30mm
- Rubber shock absorbers
- Bypass lopper for pruning green wood
- Small cutting head for easy access to hidden branches

LOPPING SHEAR - DELUXE

Code	Size
LAS3160	600mm

- Durable long polypropylene handle with PVC grips
- Hardened and tempered blades made from high quality chrome vanadium steel
- For pruning rose bushes, twigs and other branches to a maximum diameter of 25mm

SHEAR - LOPPING HAND

- Powerful, handy and lightweight lopper
- Bypass lopper with small cutting head for easy access to hidden branches
- Hardened, precision ground blades with non-stick RACO Hitektion® coating guarantees clean, easy and precise cutting
- Anodised oval aluminium handles are ergonomically shaped and lightweight with shaped comfort grips

Code	Size
RIC8708	470mm

SHEAR - LOPPING MINI

- Practical, lightweight mini lopping shear for easy cutting
- Hardened precision blade made of high grade steel
- Sturdy oval aluminium lever arms provide strong, convenient working and a firm grip
- Very handy for ladies cutting fresh wood

Code	Size
RIC8752	465mm

SHEAR - LOPPING PROFESSIONAL BYPASS

- Hardened, high grade steel blades, precision hollow ground for long lasting sharpness
- Both blades have friction free, rust resistant non-stick coating
- Replaceable cutting blades
- Adjustable blade tension for a constant sure cut
- Advanced technology allows for a mechanism that is 20% energy saving compared to traditional mechanisms ensuring a smooth easy cut
- Deluxe shock absorbers reduce fatigue and are gentle on the wrists
- Lightweight but strong anodised aluminium lever arms are oval shaped for high tensile strength and improved leverage
- Unique non-slip jumbo sized handles with ergonomically shaped comfortable grips
- Cuts branches up to 45mm thick

Code	Size
RIC8755	825mm

SHEAR - LOPPING TELESCOPIC

- Telescopic tubular steel handles extend from 625 - 950mm with a simple lock/release twist
- Comfortable soft touch form grips absorb shock
- Heavy duty bypass pattern with power level cutting action for cutting green wood and bushes
- Rigid telescopic tubular steel handles giving the best ergonomics balance, with non-slip comfort vinyl grips
- Hardened, hard-chrome plated steel body-shank

Code	Size
RIC8760	625 - 950mm

NYLON CUTTING LINE

- Long lasting nylon monofilament line
- Suitable for all makes of petrol and electric weed eaters and trimmers

Code	Size	Colour
RIC8440	1.6mm x 10m	Red
RIC8445	2.0mm x 100m	Orange
RIC8450	2.0mm x 10m	Orange
RIC8451	2.4mm x 6m	Green
RIC8452	2.4mm x 50m	Green

RAIN GAUGE METAL STAND

- Strong, steel construction
- Powder coated for protection
- Holds standard 100mm diameter PVC rain gauge

Code	Size
RIC9348	1m

LAWN EDGES - PLASTIC

- Gives a clean edge to lawns, prevents overgrowth and stops beds being cut larger
- Made from tough plastic which is resistant to the elements and nylon trim line
- Corrugated for strength and rigidity

Code	Size
RIC8350	15cm x 9m
RIC8360	20cm x 9m

RAIN GAUGE -100MM

- UV resistant PVC rain gauge
- Clearly marked graduations on main body up to 100mm rainfall
- Removable funnel lid
- Supplied with fixing bracket and screws

Code	Size
RIC9350	100mm

3-IN-1 SOIL TESTER

- Tester for checking soil PH level, moisture content and light intensity
- The tester comprises two 210mm long probes, three way selector switch (PH/Moisture/Light) and easy-to-read dial gauge
- *Uses solar power, no batteries required*

Code	Size
RIC9134	-

GARDEN SCOOPS - SMALL, MEDIUM & LARGE

- Handy plastic scoops for use around the garden and home for scooping seed, pet food, soil, compost etc.
- Ergonomic design moulded from tough, high quality plastic with comfortable handle

Code	Size
RIC8576	Small
RIC8577	Medium
RIC8578	Large

TWIST TIE WIRE

- A lightweight plastic coated wire for home and garden use
- Twist tie dispenser with wire cutter
- Strong, waterproof and flexible

Code	Size
RIC9160	20m

GARDEN WALL NAILS

- Hardened steel nails
- Use for training creepers
- Supporting plants, trees etc.
- Complete with mild steel galvanised clips
- Supplied in packs of 15

Code	Size
MAZ1000	30mm
